Audio/visual material: Audio cassettes, phonodiscs, audio compact discs, reel-to-reel tapes, other sound recordings, motion pictures, videocassettes, video laser discs, and similar visual materials.

Electronic material: Computer-readable disks, tapes, CD-ROMs, and similar machine-readable files comprising data or programs that are locally held as part of the Library's collections. Also, electronic indexes and reference tools, electronic full-text periodical collections, and electronic journal back-files and on-line searches of remote databases.

Microform material: Reels of microfilm, microcards, microprint and microfiche sheets.

Other Material: Any non-print material not classified above. Examples include maps, manuscripts, and realia.
