

## How to Get Workflows to Display Large Records

Problem: You see the following (or a similar) message in Workflows:

(Displaying 775 of 1538 volumes)

Reason: The maximum number of characters returned from the server is not large enough.

Solution: Increase the Max response size as follows:

1. On the menu bar, click Preference, Miscellaneous
2. Increase the Max response size to 500000
